

RESTORED IN CHRIST

Heavenly Father, through baptism You have invited us into your family. We of the Covington Diocese are blessed to call the Cathedral Basilica of the Assumption our home with you, Lord. We give thanks for the leadership, talent, and many sacrifices made by generations before us, especially under the leadership of Bishop Camillus Maes, that have given us such a noble Cathedral Basilica, inside and out.

Send the Holy Spirit to guide our efforts to repair, restore and make safe the physical structure of this magnificent building. May we secure the funds, the right resources, and the right methods so we can preserve this glorious house of worship for generations to come. As we raise the funds needed to protect our Cathedral, inspire us, increase our faith, and help us to raise our voices in praise of You.

All glory and honor to you, Father, in the name of your Son, Jesus Christ, and in communion with the Holy Spirit now and forever.

Amen.
